

# MOORE & MOORE

*Innovative, inspiring wallpapers*

## Technical Specification Sheet

---

**Company name:** Moore & Moore Wallpapers Pty Ltd, 30 Queen Street, Newtown NSW 2042

**ABN:** 54 143 666 095

**Website:** [www.moorewallpaper.com.au](http://www.moorewallpaper.com.au)

---

**Substrate:** 150gsm paper wallpaper base. Made in Australia from FSC-certified timber

**Inks:** Water-based inks; 0% VOC (Volatile Organic Content); plus matt OPV varnish.

**Wallpaper Measurements:** 530mm wide x 10m length

**Repeat:** 462.8mm

**Printing:** Printed and packaged in Australia. Machine-printed using a Flexographic web press.

**Suitability:** Suitable for most interior surfaces, including plaster, plasterboard, timber, MDF and most smooth interior surfaces. For consistency of colour and pattern, check each roll of wallpaper to ensure all rolls are the same batch number.

**Surface preparation:** Surfaces should be previously painted or have a glue size applied beforehand. Fill cracks or nail holes, remove loose paint or plaster before applying wallpaper using wallpaper paste, according to instructions on the reverse of the label.

**Cleaning:** Wallpaper may be wiped clean using water and detergent only with a soft cloth. Abrasive cleaners are not recommended.
